Definition of Special Educational Needs (SEN) as taken from section 20 of the Children and Families Act 2014.

A child or young person has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her. A child of compulsory school age or a young person has a learning difficulty or disability if they;

(a) have a significantly greater difficulty in learning than the majority of others of the same age,

or

(b) have a disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

A child under compulsory school age has special educational needs if they fall within the definition at

(a) or (b) above or would do so if no special educational provision were made.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Rodmarton Primary School is a small one form entry primary school which includes early years provision through to Year 6.

Early Years – Reception. Key Stage One – Years One & Two. Key Stage Two – Years Three, Four, Five & Six.

## SECTION A – SPECIAL EDUCATIONAL NEEDS PROVISION AT RODMARTON PRIMARY SCHOOL

We have high expectations for all our learners and we aim to provide every child with equal opportunities to access a broad and balanced education. This includes the Foundation stage and National Curriculum in line with the Special Needs Code of Practice.

### 1. Objectives:

- To welcome pupils with SEN and meet their needs in a positive manner so they achieve their best.

- To identify and assess children with SEN as early as possible by gathering information from parents and other agencies.

Special Educational Needs Policy Spring 2018

Review: Spring 2019

- To provide an inclusive education for all pupils with SEN and use our best endeavours to remove barriers to learning by providing high quality teaching differentiated for individual pupils.
- To identify and address pupils' needs through the graduated approach and the four part process of assess, plan, do, and review; ensuring that there is careful monitoring and assessment of pupils throughout their time at the school.
- To work with parents to gain a better understanding of their child and involve them in all stages of their child's education.
- That where possible pupils participate and are involved in the process of information gathering and reviewing progress.
- To ensure funding is allocated to provide high quality provision for those with identified SEN.
- To make reasonable adjustments for disabled children to help alleviate any substantial disadvantage they experience because of their disability as set out in the equality act 2010.
- To ensure that support agencies are used effectively.
- To encourage confidence and raise self esteem by providing a caring and well organised environment so children with SEN can achieve their best.
- To ensure that SEN is reflected in school policies, schemes of work, planning, monitoring and record keeping.
- To develop existing skills of all staff in the identification, assessment of and provision for pupils with SEN and to provide training and support as appropriate.

## 2. How we aim to meet these objectives:

- Ongoing celebration of diversity and valuing all achievements whether they are social, emotional, cognitive or physical.
- Ensuring clubs, trips and activities offered to children at Rodmarton Primary School are available to children with special educational needs. For some pupils 'reasonable adjustments' may need to be made. This is always done in partnership with families and carers.
- Early identification of pupils who need extra help through: ongoing teacher observation and assessment, outcomes from baseline assessments, progress in relation to the Early Years Foundation Stage Profile, National Literacy and Numeracy descriptors, performance against 'P' level descriptions and National Curriculum levels and standardised screening and assessment, discussions with parents and information gathered from outside agencies.

-We work to ensure that our approach to teaching and learning is of high quality and personalised to meet the individual needs of the majority of children. This is managed through teacher appraisals against the teaching standards, lesson observations and whole school monitoring.

- Ensuring that all staff receive training on the expectations of the most recent Code of Practice and are able to recognise emerging needs and implement a graduated approach to SEN.

-We follow the advice in The National Curriculum Framework on how to adapt the curriculum and the learning environment for pupils with special educational needs. We also incorporate the advice provided as a result of assessments, both internal and external, and the strategies described in statements of special educational needs / Education, Health and Care Plans.

- Termly planning and reviewing of SEN Support strategies and/or Plans for all pupils with SEN, involving both parents and pupils as much as possible

- Ensuring that advice from outside agencies is sought and incorporated into SEN Support Plans.

-To focus on outcomes not difficulties. Positive reinforcement to encourage pupil's achievements and frequent celebrations of success giving equal status to physical, cognitive, social and emotional achievements enabling all children to feel valued for their efforts

- Monitoring the provision and progress of pupils with existing Education Health Care Plans (EHCP).

- Ensuring that SEN is featured in the School Development Plan, reflecting the training needs of all staff

- Ensuring that we have high expectations of pupils, set suitable and challenging targets with termly monitoring meetings including the Headteacher, Sendco, Class teacher

-Listen to and value parents concerns about their child's development; engaging in positive discussions to ensure the best outcomes for the child.

-Supporting social, emotional and mental health through the provision of nurture groups and social skill groups.

## SECTION B: ARRANGEMENTS FOR FULL ACCESS TO A BROAD AND BALANCED CURRICULUM

*The National Curriculum Inclusion Statement states that teachers should set high expectations for every pupil, whatever their prior attainment. Teachers should use appropriate assessment to set targets which are deliberately ambitious. Potential areas of difficulty should be identified and addressed at the outset. Lessons should be planned to address potential areas of difficulty and to remove barriers to pupil achievement. In many cases, such planning will mean that*

*pupils with SEN and disabilities will be able to study the full national curriculum. (Code of Practice 2014)*

All children are entitled to full and equitable access to the National Curriculum and high quality teaching.

This links to the school's Inclusion Policy and Rodmarton Primary School sets out to ensure that:

- All efforts are made to overcome individual pupils' barriers to learning
- All classrooms have well planned activities with clear learning intentions, differentiated to enable all pupils to make progress
- Classroom resources are organised in such a way as to enable pupils to develop independence in selecting appropriate materials for a task
- A range of teaching styles are used including auditory, visual and kinaesthetic
- The successes and achievements of all pupils are celebrated through the school's reward system
- All pupils are encouraged and enabled to have full participation in the life of the school and to know their contributions are valued
- A range of different organisational settings are planned to provide class, group, paired and individual work

When pupils are withdrawn to work in small groups or individually, every effort is made to ensure that they do not miss out on the broad and balanced curriculum to which they are entitled.

## SECTION C:– IDENTIFICATION, ASSESSMENT AND RESPONSE.

### 1. Identifying needs at Rodmarton Primary School.

*Please look at the Local offer on the web site for more detailed information.*

Children will have needs and requirements that may fall into at least one of the four areas defined by the SEN Code of Practice September 2014.

- Communication and interaction.
- Cognition and learning
- Social, emotional and mental health.
- Sensory and/or physical

Many children will have inter-related needs; these broad categories give an overview of the range of needs we plan for at Rodmarton Primary School but we consider the needs of the whole child which will include not just the special needs.

The SEN Code of Practice (2014) describes adequate progress as:

- Is similar to that of children of the same age who had the same starting point
- Matches or improves on the pupil's previous rate of progress
- Which allows the attainment gap to close between the pupil and children of the same age

## 2. Assessing needs

If a child does not make adequate progress compared to peers, their starting point or previous attainment this would raise concerns that they had learning difficulties.

We aim to identify if a child is not making adequate progress as early as possible, using a process of summative and formative assessments. The assessment process includes the child's learning characteristics, the learning environment, the tasks set and the teaching style. We may look at a child's emotional needs, social skills and behaviour in different situations. There are whole class formal assessments every full term and individual assessments if requested by the class teacher.

Each term following formal assessments, tracking progress meetings are held to review the progress of every child in the school. Data is analysed and tracking meetings are held that include each class teacher, the Headteacher and SENDCo.

Parents are consulted to gain their insight into their child's progress. If after consultation with parents it is decided that a child has underlying needs then he/she will be put on the SEN register and a SEN Support Plan written to identify how the needs are to be addressed and outcomes identified.

## 3. Graduated Response

*High quality teaching, differentiated for individual pupils, is the first step in responding to pupils who have or may have SEN.*

*Teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff. (Code of Practice 2014.)*

The graduated response is a four part cycle of assessment, planning, doing and reviewing which is recorded on the child's SEN Support Plan and provision map. This process will happen termly in line with the assessment and monitoring policy.

### Assess

The teacher identifies pupils with learning needs in the class; this involves clearly analysing the pupil's needs using the class teacher's assessment and experience of working with the pupil, details of previous progress and attainment, comparisons with peers and national data, as well as the views and experience of parents. The pupil's views and where relevant, advice from external support services will also be considered. Any parental concerns will be recorded and compared with the school's information and assessment data on how the pupil is progressing.

### Plan

Special Educational Needs Policy Spring 2018

Review: Spring 2019

Planning will involve consultation between the teacher, SENDCo and parents to agree longer term learning objectives and hoped for outcomes. Adjustments, interventions and support that are required will be recorded on the child's SEN Support Plan with a clear date for review. Parental involvement may be sought, where appropriate, to reinforce or contribute to progress at home.

All those working with the pupil, including support staff will be informed of their individual needs, the support that is being provided, any particular teaching strategies/approaches that are being employed and the outcomes that are being sought.

To track a child's long term progress and level of intervention he/she will be included on the SEN register by the SENDCO.

#### Do

The class teacher remains responsible for working with the child on a day-to-day basis. They will retain responsibility even where the interventions may involve group or one-to-one teaching away from the main class teacher. They will work closely with teaching assistants and /or relevant specialist staff to plan and assess the impact of support and interventions and links with classroom teaching. The pupils response to the support can help identify their particular need. The impact on progress, development and or behaviour that is expected will be recorded by the class teacher and other staff and summarised on the IEP in preparation for the termly progress review.

#### Review

Reviews will be undertaken in line with agreed dates. The review process will evaluate the impact and quality of the support and interventions. It will also take account of the views of the pupil and their parents. If necessary outside assessments may be considered at the progress review with parents to inform a future cycle of response. - Advice can be sought from outside specialists at any point; to advise on early identification of SEN, where little or no progress is made over a sustained period, where the child is working at levels substantially below those of their peers. Advice is incorporated into the child's individual planning and targets.

The majority of children and young people with SEN will have their needs met within the school – effectively at 'school level'.

This cycle of assess/plan/do/review will continue if the child is deemed by all to be making progress with this additional and different intervention and their needs can be met within the school's SEN budget. We will continue to identify the child as having special educational needs.

If the child is able to maintain good progress without the additional and different resources he or she will not be identified with special educational needs and be removed from the SEN register.

However the special educational provision required to meet some children's needs cannot reasonably be provided from within the normal resources here at Rodmarton Primary School. Where this is the case, we will gather all the information in the format required by the LA to request an assessment of education, health and care needs.

#### Referral for an Education, Health and Care Plan

If a child has significant long term difficulties he/she may undergo a Statutory Assessment process by the Local Authority which is usually requested by the school but can be requested by a parent. This would be discussed at a review meeting with parents and possible outside professionals. (See Flow Chart.)

A request for an assessment must be supported by evidence of long term and sustained need for support which cannot reasonably be met by the school SEN budget.

## SECTION D; MANAGING PUPILS ON THE SEN REGISTER.

Meetings are held between SENDCOs of all local High schools and primary schools at which SEN documents are discussed and exchanged. This is part of the SENDCO Support Programme organised by the LEA.

## SECTION D: SUPPORTING PUPILS AND FAMILIES.

The Gloucestershire County Council Local offer can be found on the Rodmarton Primary School web site <http://Rodmartonschool.co.uk> additional information can be found at <http://www.gloucestershirecouncil.gov.uk/learning/edinclusion/sendis.htm> .

### 1. Contacts and meetings

Parents and carers are always welcome to the school. At Rodmarton Primary School working as a partnership is recognised as an essential element in the successful education of all pupils, in particular for those pupils with special needs; therefore we maintain an open door policy.

There are regular, planned meetings with parents in the Autumn, Spring and Summer term to set up and review progress documented on SEN Support Plans. Pupils and parents are both involved in the target setting and review process. When setting outcomes and progress areas where parents/carers can support this process will be identified on the SEN Support Plans.

Day to day contact with parents is via the communication book or home school diary. Parents may phone or call to make an appointment to see staff whenever necessary. Written reports are issued at the end of each academic year in July.

For children with Education Health Care Plans, the annual review is held around the date of issue and a representative from the LEA SEN Team is invited to attend. For Early Years children with an Education Health Care Plan there are 6 monthly reviews. Parents/guardians and pupils contribute to all reviews as well as staff from any outside agencies who are involved with the pupil. If parents or staff have additional information or concerns an interim review can be arranged at any time throughout the academic year.

Pupils in Early Years may require family meetings with Portage, the Early Years Class teacher and SENDCo. These may take place in the EYs setting or at home.

Following consultation parents may be invited to meetings with professional specialists in school or as a result of a referral in a clinic setting.

For all parents and carers The Friends of Rodmarton operates very successfully, enabling parents to help the school in a variety of ways using their particular skills and talents. Parents also help on outings and with a wide range of social and fund raising activities.

## 2. Support and advice.

All staff are available to help parents with any questions or worries about their child or the school. If parents wish she is available to support them in meetings with other members of staff or arrange joint meetings.

The school recommends and introduces parents to the service of the LEA.

One of the key principles of the 2014 Code of Practice is that it puts children, young people and their families at the heart of the legislation.

At Rodmarton Primary School parents' opinions and aspirations for their children will be taken seriously.

In the four part cycle of assess- plan – do - review parents will have an opportunity to be part of the planning process for both short and long term outcomes.

Pupils in Key Stage 2 have an opportunity to be part of their own target setting process where they have a 1:1 meeting with their class teacher.

For formal annual/ interim reviews pupils can contribute their voice in a style and format most suited to their age and aptitude.

When applying for an EHC plan, part of the formal application is for families to outline their short and long term aspirations for their child. The SENDCo will discuss this process with them before an application is completed and support can be arranged if required.

The SENDCo collects samples of SEN children's opinions through 1:1 meetings with a sample of children. All children are given opportunities to express their opinions for their reviews termly and annually.

#### 4. Dealing with Complaints around SEN.

*Please look on the school web site 'Complaints policy' for further details.*

Parent/carers complaints are dealt with at the school in the following ways:
